

# PUBLIC INFORMATION MEETING

Tuesday, January 27, 2009

5:30 to 7:30 p.m. – Presentation at 6 p.m.

Coronado K-8 School – Multi-purpose Room

3401 E. Wilds Road, Tucson, AZ 85739

## Proposed Improvement Fact Sheet

The purpose of the second open house was to present information on proposed roadway improvements on Oracle Road (SR 77) from Tangerine Road to the Pinal County Line and to solicit public comment.

### PROPOSED PROJECT DESCRIPTION

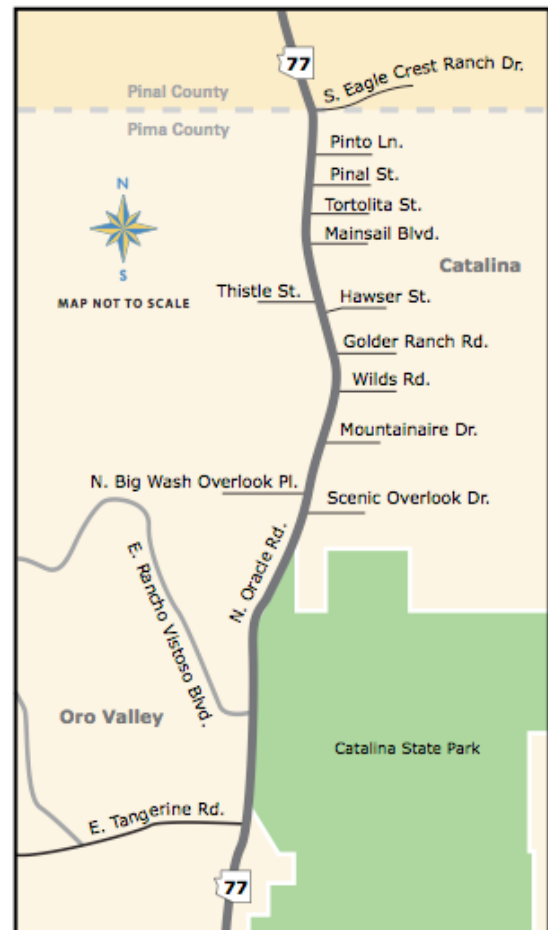

The purpose of this project was to improve the safety and flow of traffic on this section of the highway. Roadway improvements would begin at Tangerine Road at approximately milepost (MP 82) and extend to the Pinal County Line at approximately (MP 87.8).

The proposed improvements include:

- Widening Oracle Road to six lanes by adding a new travel lane in each direction. The proposed roadway section would include three 12-foot-wide travel lanes and a 10-foot-wide shoulder in each direction for the southern end of the project.
- The northern portion of this project through the community of Catalina, the roadway section would include three 12-foot-wide travel lanes, and a 7-foot-wide shoulder in each direction.
- Raised center median with left-turn lanes.
- Rubberized asphalt for pavement.
- This project would join into the widening improvement project that is under construction from Tangerine Road to Calle Concordia (MP 77.5 to MP 82).
- The roadway construction is tentatively scheduled to begin in 2011 and continue through 2013.
